

INTERIOR DESIGNERS * ARCHITECTS * CONSTRUCTION * CABINET MAKERS

The Molding Archive™ is a comprehensive resource on the internet that speeds up your search for architectural moldings of various shapes and sizes.

Search for moldings using any combination of search criteria including width, thickness, height, projection, part number, vendor or manufacturer and more.

Interior designers, architects, cabinet makers, trim carpenters and construction managers can locate a specific type and size of molding with a simple click of a button. **The Molding Archive™** will display a variety of molding options for a given set of specifications.

The Molding Archive™ enables users to easily and quickly print or email molding choices with specifications, omitting the time-consuming process of photocopying, faxing and scanning.

Site visitors can download AutoCAD 2D and 3D files for all trims and moldings. In addition, we have provided a 2d AutoCAD dwg file oriented for ease of import into other CAD applications like Google Sketchup.

The Molding Archive™ eliminates the inconvenience of manually flicking through pages of molding catalogs and then to having to fax copies to your clients and other members of the design and construction team. This invaluable online resource is must have tool for anyone in the interior design, cabinet making and construction industry. Through its ease of use,

The Molding Archive

™ saves time, stress and money for anyone searching for architectural moldings.

The Molding Archive™ does not sell any molding products. Its purpose is to help design professionals quickly find, download, and share information about locally available molding profiles.

If your current vendor is not on our list let us know so that we can make arrangements to archive their shapes.

MOLDING VENDORS

The Molding Archive™ welcomes you to the 21st Century molding management and marketing system!

Propel your business to the next level! We invite you to showcase your products on our website.

Your participation will have two inherent benefits:

- Due to the ease and speed of accessing your products, you will become a preferred vendor over your competitors, who remain in the age of paper catalogs.
- The **The Molding Archive™** is an unprecedented marketing tool to expose your business to potential new clients in Architecture, Interior Design, Cabinet Making and Construction.

UPLOADING YOUR TRIMS AND MOLDINGS

NOTE: The self-service upload feature is in development and will be available shortly. [Contact us](#) for more information.

Two Options:

1. You may upload moldings to the site yourself at no charge. Instructions will be available when the feature is online.

2. We can process files and upload your products to **The Molding Archive**[™] for you. For a one-time fee of \$1.00 per molding. Just send us your DWG or DXF files and the rest is done! Special arrangements can be made to draw your molding shapes if they are in other than DWG or DXF format.

- One-year subscription: \$500
- Two-year subscription: \$950. We upload 250 molding shapes at no charge
- Five-year subscription: \$2,250. We upload 500 molding shapes at no charge
